1949 - 2019

## 70th Anniversary Celebrations

### Statement on event capacity

**Release Date:** 07 February 2019

---

Everyone at Aiglon is thrilled at the wonderful response we are receiving for the school's 70th anniversary celebrations that will begin on Friday, 28 June 2019. We are excited that so many from our global community will make the journey back to the mountain for what is set to be a truly unique weekend in the history of our school.

Presently our Advancement Office has taken over 500 bookings for the weekend. While we believe this number is a testament to the enduring impact of our mission, it is also well beyond our highest expectations based on previous anniversary events. We are excited to welcome so many, but this does create a number of logistical considerations.

This will be the largest event in the history of the school, and we are exploring options about how to expand capacity for the weekend's events. We are in negotiations with our providers and local authorities about what viable options exist on Aiglon's campus and in the village.

We will confirm and communicate our updated (and hopefully expanded) capacity numbers next week.

Any limitations that do exist will be due exclusively to physical or legal constraints. We do however encourage everyone to register for the weekend as events are still open. If you have registered, but can no longer attend, please let us know so we can make more places available.

This will certainly be a wonderful weekend of celebration to which we all looking forward! Joint teams from Aiglon's staff and alumni are working hard to ensure this is an event that will be remembered for many years. See you soon!
